

Subject: Notice to Hybrid Retailers Re: Medical vs. Recreational Classification
Date: Friday, January 5, 2024 3:55:00 PM
Attachments: [image001.png](#)

Please be advised that while BioTrack classifies products as “recreational” or “medical” based on the type and potency, the official market designation for a product is assigned on the Brand Registration Certificate. Products that technically qualify for sale in the adult-use market may be registered as Medical Only in compliance with an approved Medical Preservation Plan.

Failure to limit the sale of medical marijuana products to medical patients may result in enforcement action.
