RE: Hours for Cannabis Sales Effective July 1, 2025

The recently enacted [Public Act 25-166](#) requires that no retailer, hybrid retailer or micro-cultivator with a retailer or hybrid-retailer endorsement shall engage in any direct or indirect retail sale of cannabis:

- On Sunday before 10 a.m. or after 6 p.m., or
- On any day other than Sunday before 8 a.m. or after 10 p.m.

Hybrid retailers should notify qualifying patients and caregivers of the change in hours as soon as possible. This law is effective as of July 1, 2025, but in order to allow for hybrid retailers to provide sufficient notice, and for qualifying patients and caregivers to adjust to the change and make necessary accommodations, hybrid retailers have until August 1 to implement the change.
