Re: Appointment – Point of Contact to Bureau of Services for Person Who Are Deaf, Deafblind, or Hard of Hearing

Dear Commissioner Porter,

Connecticut Public Act 24-81 Section 68 requires each state agency to appoint an employee to serve as a point of contact for concerns related to persons who are deaf, deafblind or hard of hearing and to require such employee to collaborate with the director of the Bureau of Services for Persons Who Are Deaf, Deafblind or Hard of Hearing to resolve such concerns. I have designated Theresa Judge, Human Resources Business Partner 3 as the Department of Administrative Services point of contact for this Bureau. Ms. Judge's name and contact information will also be prominently placed on DAS's website.

We look forward to supporting the mission and objectives of this group.

Sincerely,

Michelle H. Gilman
Commissioner
