James Harriott: Harriott 2R's 2T's In The House LCC: Home Improvement

Greetings,

The section below was taken from the ICC's 2012 version of their International Property Maintenance Code. I would like to have this section added to the IBC, IRC, and IEBC portion of the State Building Codes to ensure that work is not just done properly but performed to a certain standard. Work debris is removed from the jobsite, joint compound is properly sanded down, etc.

[A] 102.5 Workmanship.

Repairs, maintenance work, alterations or installations which are caused directly or indirectly by the enforcement of this code shall be executed and installed in a *workmanlike* manner and installed in accordance with the manufacturer's instructions.

PROPOSAL INFORMATION

Description of change and reason for change (attach additional information as needed):

To ensure that all work is done properly, and the site is left in a professional/respectful manner.
